Welcome to "EXCITING FLYING WHITING," the Navy's best kept secret. NAS Whiting Field is the busiest Naval Air Station in the world, responsible for an estimated 46 percent of the Chief of Naval Air Command's total flight time and over 10 percent of Navy and Marine Corps total flight time. Over 1,200 personnel complete their essential flight training yearly. NAS Whiting Field and Training Air Wing Five have an outstanding and unmatched safe flying record. Commissioning ceremonies for Naval Auxiliary Air Station (NAS) Whiting Field were held on July 16, 1943, in the South Field Hanger. At 11:00 in the morning, Rear Admiral George D.

Murray, Commandant of the Naval Air Training Center, welcomed some 1,500 persons and introduced Mrs. Kenneth Whiting, widow of the Naval hero Captain Kenneth Whiting, for whom the base was named. On July 12, 1945, Detachment THREE 1470 SCU was established. Detachment THREE, a prisoner-of-war (POW) camp for German soldiers, was operated through the efforts and cooperation of Naval authorities at NAS Pensacola and Army authorities at Camp Rucker, Alabama. After the war, Whiting converted to a Naval Air Station and by 1949 Milton residents became accustomed to the sight of heavy and medium bombers in the skies. Whiting Field was known as the backbone of the Navy's flight program. In 1955-56 Whiting adopted a new aircraft, the Beechcraft T-34B Mentor, a trainer with tricycle landing gear. In 1956, the instruments tactics phase of basic flight training was moved from NAS Saufley Field to Whiting. During this time, the T-28 Trojan was brought to Whiting Field to augment student training. On 1 May 1960, Primary Training Squadrons TWO (VT-2), THREE (VT-3) and SIX (VT-6) were established. VT-2 and VT-6 were located at North Field; VT-3 at South Field. In January 1972, as a result of a major reorganization of the Naval Air Training Command, Whiting Field became the home of Training Air Wing FIVE. Also in 1972, Helicopter Training Squadron EIGHT (HT-8) came under the command of TRAWING-FIVE and was later split to form Helicopter Training Squadron EIGHTEEN (HT-18). Academic and simulated flight-trainer instruction are also provided. In April 1977, the T-34C Procedure Training Cockpit was accepted into the syllabus and in the fall of that year, the station began its transition to the T-34C Turbo Mentor as the primary trainer. In August 1980, the new simulator building was completed. The building houses numerous flight simulators for instructor-student and self-paced instruction and familiarization. In the spring of 1983, the T-28 was phased out and a static display was presented to the station. In the fall of 1983, the UH-1 was also phased out. It was the end of one era and the beginning of a new and brighter era with the arrival of the JPATS.

## Local Community

### Local Community Overview

Once known as the most industrialized county in Florida, Santa Rosa's history is abundant with the lore of the logging, sawmill, and shipbuilding industries around which life evolved. While this era in the

county's life long ago vanished, the pioneering spirit which the early area settlers possessed can still be found in many areas of the county. While traveling through the central and northern parts of the county, you can observe many historic buildings which have been restored to their previous splendor and now serve as museums, residences, offices & businesses; many of which are open to the public.

Residents and visitors to Santa Rosa County enjoy the cultural diversity of vastly unique communities, each committed to providing their unique quality of life which is unsurpassed. Due to the close proximity of metropolitan centers in the region, all of the conveniences of a cosmopolitan society can be found while enjoying the wealth of nature's blessings in a relaxing environment.

A moderate climate with pleasant year round temperatures, unlimited business opportunity, and one of the finest school systems in the state combine to provide a quality of life which many find enticing in their search for a new home.

Explorers first put the Pensacola area on the map more than 400 years ago, starting a rich and diverse heritage that can still be seen today. Known as the Five Flags area, for the five countries which have possessed the area. Spanish, French, English, Confederate, and the United States have all flown their flags over this vibrant area.

Pensacola was founded in 1559 by Don Tristan de Luna, when he led an expedition with 1,400 colonists. They claimed the land for Spain, but a major hurricane sank ships and drowned livestock prompting them to flee. The next visitors in 1698 fared better. Three hundred and fifty Spanish soldiers led by Don Andres de Ariola built a fort on what is now the Naval Air Station on Pensacola Bay.

Milton, originally a trading post on the Blackwater River, was established in 1825. Eventually becoming the county seat in 1843, it was incorporated in 1844, the year before Florida became a state. Known by many names through the years - Hard Scrabble, Jernigan's Landing, Black Water, Mill Town, one of the more colorful was Scratch Ankle; named for the briars on the riverbanks which visitors had to negotiate upon disembarking their vessels. What began as a small riverbank village has grown and prospered through the years. The friendly small town charm has been retained amid the hustle and bustle of growth.

History of Milton, on the Blackwater River. Established in 1825 as a trading post, was named in honor of the family John Milton, an early governor of

Florida. At this early date, the town was easily accessible by river boat and stagecoach. Santa Rosa County was created in 1842, deriving its name from Santa Rosa Viturbe, a patron Saint of a Chapel at Viterbo, a small city near Rome, Italy. Don Tristan de Luna, the Spanish Conquistador, explored the area around Milton in 1559. The lower bay below Milton is still called Santa Maria de Galvez, the name given by de Luna. Although few landmarks now remain, the influence of the early settlers and local Indian tribes is still seen in other place names of Santa Rosa County. In the early days, the principal industries were in Bagdad, 1 1/2 miles from Milton, on the Blackwater River. The Bagdad Land and Lumber Company closed down in 1939, after continuous operation since 1828. A well known shipbuilding company was also located here. The area around Milton also gained distinction as the site of the first cotton textile mill in the South. The first paper Railroads in the nation were located nearby, a short line used to haul logs. Davy Crockett, when with Andrew Jackson in this area, spent time in Santa Rosa County. Five flags have flown over the county, the Spanish, French, English, Confederate, and United States.

## Recreation Opportunities

Proclaimed as the "Canoe Capital of Florida", Santa Rosa County has, for many years been proud to possess some of the most pristine, unspoiled waterways which can be found.

In recent years with a trend towards getting back to nature and enjoying a unique pristine setting, Santa Rosa offers plenty. From a lazy relaxing canoe trip down the Blackwater river, or biking/hiking some of our nature trails to the sugar sand and emerald

colored waters of the Gulf, your choices are limited only to your imagination.

The Blackwater State Park encompasses over 1500 square miles in Santa Rosa and Okaloosa counties. The 12 recreation areas within the confines of the park offer virtually everything the outdoor enthusiast can seek. Opportunities abound for swimming, fishing, boating and camping. The Coldwater Recreation Area is unique in the offerings for equestrian enthusiasts of four separate trails to enjoy horseback riding through the forest.

With many local enthusiasts, hunting is widely available in the county's many forest areas and on the nearby Eglin Air Force Base Reservation.

A new resource for those seeking a place for hiking, jogging, or biking is the Blackwater Heritage Trail. More commonly known by the term "Rails to Trails", the trailhead is on the northeast side of the intersection of Stewart Street and Highway 90 in downtown Milton. Plans call for a separate equine trail to mirror the current trail in the coming years.

From Riverwalk Park in downtown Milton, it is easy to enjoy an afternoon on a park bench or enjoy the breezes in the shade of the gazebo. One may observe pleasure boaters and fishing enthusiasts traversing the river or water skiers and jet-skis taking advantage of the widest part of the river.

Originating in Alabama, the Blackwater River is named for its tea-colored but clear, water which flows at 2 to 3 miles an hour. The Coldwater, Juniper, and Sweetwater Creeks all flow into the river as it winds towards the bay. The spring-fed Coldwater Creek is an excellent first choice for novice canoeists. As they travel through pine and hardwood forests, they will pass many sugar white beaches and sandbars for which the area is famous.

For golfers, the Gulf Coast, could easily be the Golf Coast. A true golfer's paradise the area offers virtually every type of challenge to be found in the game. Boasting many fine courses, with many built in and around residential areas, anywhere in Santa Rosa county is a short drive from a golf outing. Stonebrook Village Golf and Country Club in Pace, utilizes gently rolling terrain, crisscrossed by Beal Creek to create a fun challenge. The nearby Village Golf Center offers a superbly crafted 18 hole par 3 course for those who may be looking for a quick round of golf. Tanglewood Golf and Country Club utilizes the natural pine setting of the area, along with man-made hazards, to create a course which is a

delight and challenge. The Club at Hidden Creek, located on PGA Boulevard in Navarre offers another fine course to those heading to the southern portion of the county. Located just north of I-10 in Milton is The Moors, home of the EMERALD COAST CLASSIC, a SENIOR PGA tour event. This course provides a truly unique experience with a Scottish links-style layout. But, don't overlook the several fine military courses within the area. Starting with Whiting's own 18 hole beauty. Wider fairways and a somewhat forgiving layout offer a beginner a great course to start, and experienced players a chance to focus on the basics. NAS Pensacola offers not one, but two courses: A.C. Reed, an 18 hole course and a 9 hole course at nearby Saufley Field. A little further down the coast is Eglin Air Force Base which has two 18 holes courses, with something for every golfer.

Rated as some of the best beaches in the nation, the areas of Gulf Breeze and Navarre, have not been overdeveloped like many of the better known beaches in Florida.

For people with a nature flair, the area offers, The ZOO, situated between Gulf Breeze and Navarre, visitors can see over 700 animals in this private zoo. Also available is the Gulfarium in Ft. Walton Beach where sea life from all over the Gulf of Mexico and Atlantic Oceans are on display.

### Religious Activities

The NAS Whiting Field Chapel staff members extend their personal greetings and a cordial invitation to be an active participant in the religious programs available at this duty station. It is our sincere hope that your time at Whiting Field will be both enjoyable and rewarding. The Chaplains and Religious Program Specialist are here to assist in every way possible.

#### Area Denominations

The Chaplains can provide information regarding faith groups such as Catholic, Jewish, Christian Science, and Latter Day Saints in the local area. Also a listing of churches of various denominations is available. Those of faith groups without organized activity in the area are invited to see the Chaplains

for assistance in obtaining materials and locating others with whom to study and worship.

Chapel-related groups which are active at Whiting Field include Officers Christian Fellowship, Protestant Men of the Chapel (PMOC), and Protestant Women of the Chapel (PWOC). The Chaplains office can provide the names and telephone numbers of local representatives of these groups.

Catholic services are available on base until 30 May 1999.

## Public and DODDS Schools

### NOTE TO PARENTS:

Age requirements for Santa Rosa schools are as follows:

Kindergarten: The child must be at least 5 on or before 1 September.

First Grade: The child must be at least 6 on or before 1 September.

New students must provide birth certificates and immunization records for entry into kindergarten or for a transfer. Immunization requirements to enter school are:

3 DPT or DT (Diphtheria-Whooping Cough-Tetanus)

3 Oral Polio (Trivalent OTPV)

1 MMR (Measles, Mumps, Rubella) \* 2 MMR are required after 1997.

Records from previous school must be delivered prior to the student being enrolled, in the current year.

School boundaries have been carefully defined to adhere to specific requirements. Transfers to other than assigned schools may be requested, but each request must be weighed for compliance to variables such as class size. The Housing Referral office has a map which shows the school boundaries.

The current high school drop-out rate is less than 2% in 1997. Scores for high school students fall into the 70 percentile.

### Community Housing

The areas around Milton offer a wide variety of housing options. Often older homes can be purchased for less than a newer home. Mobile Homes (Manufactured Homes) may offer affordable housing to lower income families but be reminded that the Gulf Coast is often the target for severe weather conditions(hurricanes/tornados).

### Separation Procedures

All personnel must check out with the NASWF Admin Office before departing the base.

### Billeting

There is no Navy Lodge at NAS Whiting Field, most incoming personnel and their families stay at the Consolidated Bachelors Housing (CBH). A number of rooms are set up as suites to handle incoming military members and their needs.

Additional lodging is available in a short driving distance to NAS Whiting Field, but personnel are cautioned that motels can be expensive during the summer months due to tourists.

## **Survival Tips For First Termers**

### **Survival Tips for First Termers Overview**

Before you leave your present command, there are a few things you should do...

### **Before You Move**

Ensure you are bringing a variety of clothing and sufficient kitchen items to last at least 2 weeks until your housing shipment arrives. Call the housing office first to check the waiting list. See AT A GLANCE for the weather conditions during the time of your move.

### **After You Arrive**

First things first. Check into the NASWF Admin Office so someone knows you are here. Next, check into the CBH, if you choose. Lastly, check into the housing office for government housing or information for private housing. Once these important steps are complete, report to the Admin. Office for the rest of your check-in procedures.

## **Reporting Procedures**

All personnel are required to report to the CBH desk to have their orders stamped after hours. During normal working hours check-in with the NASWF ADMIN BLDG 1401.

## **Travel Planning**

The nearest full sized airport to Milton is Pensacola and is shown on the Milton/Santa Rosa County map in your welcome aboard package. Always plan your trip before you start, not while you are traveling. Every base has a Family Service Center Relocation office. If you cannot find the base on the map, CALL!

## **Vehicle Ownership**

Personal transportation is recommended as Whiting Field and Milton, FL are not physically in the same town and there is no bus service to and from the base. Taxi service is available, however there are few taxi's.

## **Housing and Billeting**

The Combined Bachelors Housing (CBH) is open to all personnel and their families for a total of 30 days without command approval. Command approval requires a special request chit and is usually granted. Government housing is available through the housing office and private housing can also be located through the housing office.

## **Money Matters**

Milton and Whiting Field are not expensive and many good deals can be found by the smart and patient shopper.
